

SUMMER DAY IN A SEA KAYAK – ARCHIPELAGO KAYAKING TURKU

Hi and welcome along spending a day on the fantastic Archipelago Sea in a Sea Kayak!

During the trip you will experience some of the beautiful archipelago of Turku and Naantali in the best way possible while at the same time learning some sea kayaking basics. The languages spoken during the trip will be English, Finnish and Swedish according with the demand.

We will start at Saaroniemi on the Ruissalo Island at 10:30am. You can catch the number 8 bus from the Turku center Market Square to Ruissalo, bus stop T39 by the crossing of Aurakatu and Eerikinkatu on the Eerikinkatu side. A suitable bus leaves at 10:00am, although it is possible to take the bus earlier (leaves every 30') if you want to spend some time on Ruissalo. Jump off the bus after 25 minutes on its end stop on Ruissalo Camping. You will find us when you walk down to the swimming beach and then walk right along the beach 200 meters. We ask you to please be ready to start with suitable clothes on at 10:30am so that we are able to get going.

Bring the following with you:

- Clothes according to weather (soft and weatherproof)
- a full clothes change in a plastic bag, for the case that you would get wet
- sunglasses
- a cap
- sandals or other soft shoes (you can also paddle barefoot)
- extra energy and something drink (chocolate bars, fruit and at least ½l water or similar)

During the trip, we will serve field lunch, coffee and tea.

The pace and length of the tour is adjusted according with the weather and the participants. We will be back at Saaroniemi around 5:30pm, and anyone wanting transportation back to Turku will be offered transportation. If you want to stay on Ruissalo for a while, bus 8 leaves every half hour.
